

CAPACITI

Motivated and detail-oriented student currently pursuing a Diploma in Network Systems, with a growing passion for cybersecurity. Recently completed an Introduction to Cybersecurity course and actively preparing for the CompTIA Security+ certification. Possess foundational knowledge in network infrastructure, threat detection, and security best practices. Eager to apply technical skills and a strong analytical mindset to protect digital systems and support cybersecurity operations. Looking to gain hands-on experience in an entry-level cybersecurity role while continuing to build expertise in risk management and incident response.
